**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments filed 5/22/2003 with regard to claims 1-5 have been fully considered but they are not persuasive.

With regard to the applicant's argument that Butterfield discloses interocular separation is substantially less than 60mm but only proportionally scaled for human interocular separation and that the present application although, discloses the same thing but without being proportionately scaled for human interocular separation; and Butterfield does not anticipate claim 1 because it does not teach "microstereopsis" as defined by the applicant.

The examiner respectfully disagrees with the above arguments because of their irrelevancy. None of the argument is part of the claim and therefore, the examiner could not consider.

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1- 10 and 16-27 are rejected under 35 U.S.C. 102(b) as being anticipated by Butterfield (US 3,818,125) as set forth in the previous Office Action (paper #6).

***Allowable Subject Matter***

4. Claims 6-15 and 17-27 are allowed.

**Conclusion**

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
